Message

from Convenor, International Conferences of
Chief Justices of the World
& Manager, City Montessori School (CMS), Lucknow

Our children are the common present concern and future hope of all peoples and nations. It is vital that their future be safeguarded. It is our inter-generational responsibility to bequeath to them a brighter and safer future. Nevertheless, current and threatened wars and conflicts around the world make their future anxious and insecure. And yet we know that children must be protected and nurtured, and that they have unqualified rights to education, equal opportunities, a safe and healthy environment, and, above all, love and affection.

Despite a growing awareness for the need of effective global governance in this interdependent world, it is widely accepted that the United Nations does not have the capacity or the systems to mitigate or address many of the world's problems. It is absolutely necessary to revisit and revise the present global governance framework, starting with a long-overdue review of the UN Charter, which is on the agenda at the UN's Summit of the Future in September 2024. We await the outcome of those deliberations with interest.

For the last 23 years the students of City Montessori School (CMS), Lucknow – recognized as the world's largest school by the **Guinness Book of World Records**, now with over 62,000 students, and laureate of the 2002 **UNESCO Prize for Peace Education** – have been appealing to the World Judiciary, on behalf of world's over 2.5 billion children and generations yet-to-be born, to safeguard their future. These appeals have been made at successive events organised by CMS, known as the International Conferences of Chief Justices of the World. At these Conferences, which were conceived by my late father and founder of CMS Dr Jagdish Gandhi, resolutions were passed to urge the world's leadership to unite and form a New World Order recognizing the undeniable need to establish enforceable international law. These resolutions did not seek to criticize or denigrate the United Nations, but to uphold and support its authority, prestige and power for addressing the problems facing humanity and our planet.

Continuing this noble mission, the 25th Conference will be held between 20th-24th November 2024. It is my honour and privilege to invite to this event not only the Honourable Chief Justices and Judges of Supreme Courts, and Judges of the International Court of Justice, but also Heads of States, Heads of Governments, Speakers of Parliaments, and eminent representatives of Government Ministries of many countries. It is the responsibility of all leaders of thought, including the world judiciary, to make their united voice heard in order to urge a wider global perspective, so that the future of the world may be safeguarded.

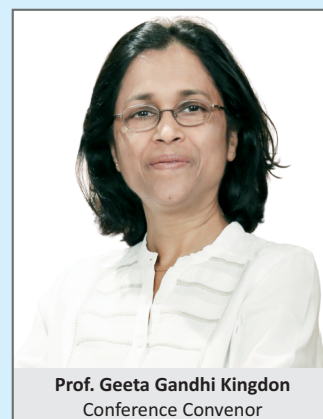

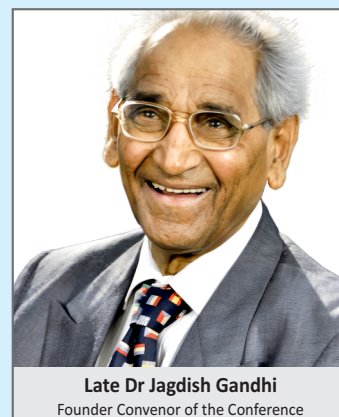

We hope that the platform of this Conference will provide the judiciary an opportunity to reflect on the role that it can play in bringing about global governance reforms that address the real problems facing the world today. We hope that the path of collaboration, partnership and the exchange of knowledge will be chosen to find these elusive solutions.

The following pages carry the list of 1480 Chief Justices, Judges and Heads of States/Governments, Speakers of Parliament and eminent ministers and other dignitaries from 141 countries who have participated up to now.

RESOLUTION OF THE 24th International Conference of Chief Justices of the World

on Article 51 of the Constitution of India

(Passed at the Final Plenary Session on 6th November, 2023)

Organised by: World Unity Education Department (WUED)
City Montessori School (CMS), Lucknow, India

Realizing that a large section of people around the world are deprived of basic human rights and are living in abject poverty and a large number of children especially in poor countries are exposed to various abuses and are deprived of their rights as children;

Believing in the ancient Indian ethos of '**Vasudhaiva Kutumbakam**', that is the whole world is a family, global peace is of paramount importance for achieving the ambitious Sustainable Development Goals aimed at the benefit and development of everyone in the global family for a bright future and for human advancement;

Also Realizing that in this era of globalization inter-dependence and cooperation among nations is imperative, as proved during COVID-19 pandemic and may need to be so in case of any such calamity in future;

Also believing that conflicts in some parts of the world presently are having adverse international ramifications and have created apprehension of a large scale war and nuclear holocaust, which may bring unprecedented death and destruction and that resorting to violence and war is not an option to resolve disputes and claims; and that large resources are spent in the name of defence by various countries, which can be better applied for the welfare of humanity;

Believing that climate change is an existential threat for humanity which must be mitigated as well as adapted to and serious efforts are imperative to limit global warming targets agreed to in Conference of Parties; and that it is incumbent on the developed nations who are 'historical polluters' to fulfill their promise in regard to climate funding; and

Acknowledging that the United Nations Organization is working for peace, human rights, social and child uplift, development and in other fields through its various agencies, but lacks the authority and essential mechanism to get the decisions of the General Assembly implemented including reducing ethnic and regional conflicts and wars, requiring amendments in the U.N. Charter after due review thereof to suit the present day needs;

NOW, THEREFORE, we the Chief Justices, Judges and legal luminaries, at this 24th International Conference of Chief Justices of the World on Article 51 of the Constitution of India, organized by the City Montessori School, Lucknow, India from 3rd to 6th November, 2023, do **HEREBY REAFFIRM** the Resolutions passed in the previously held conferences of Chief Justices and **ALSO RE-AFFIRM** the centrality of the Rule of Law and independence of judiciary, **AND FURTHER RESOLVE:-**

1. That Members of Judiciary of the world be urged

(a) to uphold the Rule of Law and to promote respect for dignity of all persons which is the basis of all fundamental human rights and fundamental freedoms;

- (b) to advise on the need for establishing an International Anti-Corruption court to deal with cases of grand corruption;
- (c) to motivate respective national governments to take steps to introduce cross-cultural and global citizenship education in all schools; and
- (d) to motivate political leadership of their respective countries to make earnest efforts for the establishment of effective global governance structure.

2. That the Heads of State and Heads of Government of all countries of the World be urged:-

- (a) to take concrete steps to move the world body for review of the U.N. Charter as required under Article 109 of the Charter itself, so as to strengthen the authority, prestige and power of the United Nations enabling itself to reduce global conflicts and wars and for implementing the rule of law;
- (b) to take urgent steps to reduce global warming as required in agreements and commitments made at the U.N. Climate Change conferences; and urge developed nations to fulfill their promise in regard to climate funding in a time bound manner and to consider the need for the establishment of an International Environment Court;
- (c) to hold high level meetings of Heads of State/Government to work for establishment of effective global governance structure for sustainable world order and for democratically elected World Parliament to enact enforceable world law, leading to establishment of World Executive and World Court of Justice; and
- (d) to take steps for introducing instructions in citizenship education, peace education and cross-cultural understanding in all schools of their respective countries which will produce responsible global citizens.

3. That the United Nations be urged:-

- (a) to expedite review of the U.N. Charter, including reform of the Security Council; to make it a more effective, democratic and representative organization;
- (b) to consider the case for establishing a World Parliamentary Assembly;
- (c) to make efforts for the prevention of terrorism, extremism and wars, and for elimination of weapons of mass destruction; and
- (d) to consider the establishment of an International Anti-Corruption Court.

Also RESOLVED that this Resolution be sent to all Heads of State/Government and Chief Justices of all countries of the World and to the Secretary General of the United Nations Organization for consideration and appropriate action.
