MATHSVERSE

2026

A WORLD BEYOND NUMBERS

14th to 17th NOVEMBER, 2026

Contact us: +91 9918044438, 9415424942

: www.cmseducation.org/matheletics/ : gomtinagar2@cmseducation.org

WHY MATHSVERSE?

“Mathematics is the language in which the universe is written—and the future is designed.”

In an era defined by innovation, data, and rapid transformations, mathematics stands as the most powerful and universal tool of human progress. It is not confined to numbers and equations; it is the foundation of logic, the structure of creativity, and the driving force behind every significant advancement in science, technology, and society.

Matheletics: Mathsverse 2026 is conceived as a global platform where young minds from across the world converge to explore, express, and elevate the essence of mathematics. It is not merely a competition—it is an intellectual movement that celebrates clarity of thought, precision, and imagination.

By uniting participants from diverse cultures and perspectives, Mathsverse fosters a shared language that transcends borders. Here, matheletics becomes a bridge — uniting ideas, inspiring collaboration, and nurturing mutual respect among future thinkers and leaders.

At Mathsverse, mathematics is experienced beyond textbooks. It is seen in patterns, felt in rhythm, expressed through movement, and applied to real-world challenges. Participants are encouraged to think critically, innovate boldly, and communicate ideas with depth and confidence.

We believe true excellence lies not only in solving problems, but in redefining them. Mathsverse 2026 empowers students to move beyond conventional learning and step into a space where knowledge transforms into vision, and vision into impact.

Mathsverse is where intellect meets imagination, and the leaders of tomorrow begin their journey.

EVENTS AT A GLANCE

Primary Category Grade 5 - 6	Mystery Matrix • Shapecraft • Grid Galaxy
Junior Category Grade 7 - 8	Infinexia • Brain Blitz • Radical Rush
Senior Category Grade 9 - 12	π-Casso Project • Think Beyond ∞ • Euclid's Echo
School Category Grade 5 - 12	Galactic Grooves • Cypher Rapsody • Sigma Stories

THE PRIME CREATOR

DR. BHARTI GANDHI

Founder Director
City Montessori School, Lucknow

A school is a guiding light in society, shaping the future by nurturing young minds and inspiring every child to think, learn, and grow towards excellence. With this vision, Matheletics – Mathsverse has been planned as a meaningful academic celebration that leads students into "A World Beyond Numbers"—a world where mathematics is experienced as a blend of logic, creativity, balance, and discovery.

In today's world, education must go beyond memorisation and routine calculation. It should encourage children to think clearly, ask questions confidently, and face challenges with understanding and courage. Mathematics plays a vital role in this journey by developing reasoning, sharpening the mind, and helping students recognise patterns, solve problems, and understand the world more deeply.

Matheletics – Mathsverse offers students an engaging platform to explore mathematics in an enjoyable and meaningful way. Through well-planned competitions and activities, participants move beyond textbooks, apply their knowledge creatively, and experience the joy of learning through curiosity and challenge. Such experiences also nurture confidence, teamwork, discipline, and a spirit of excellence.

I am pleased to see Principal Ms. Anupama Checker and the teachers of CMS Gomti Nagar Extension taking this noble initiative to help students prepare for their future endeavours. Such events inspire young learners to grow as responsible global citizens and contribute meaningfully to society.

The theme, "A World Beyond Numbers," beautifully reflects the true purpose of this event. It reminds us that mathematics is not merely about calculation, but a gateway to understanding, innovation, and progress.

I extend my heartfelt good wishes for the grand success of Matheletics – Mathsverse.

OUR CHIEF PATRONS

PROF. GEETA GANDHI KINGDON
Managing Director
City Montessori School
Lucknow

DR. ROGER DAVID KINGDON
President
City Montessori School
Lucknow

It gives us great pleasure to know that CMS Gomti Nagar Extension Campus is organising the second edition of Matheletics International – "Mathsverse: A World Beyond Numbers." Such initiatives play a significant role in nurturing young minds and fostering a deeper appreciation for the beauty, logic, and creativity inherent in mathematics.

Beyond a subject of numbers and formulas Mathematics is a powerful language of reasoning that helps develop analytical thinking, problem-solving ability, and intellectual curiosity. Platforms like Matheletics International provide students from different schools and countries with a valuable opportunity to come together, exchange ideas, and explore the fascinating world of mathematics through healthy competition, collaboration, and innovation.

We are confident that this event will inspire participants to think beyond conventional boundaries and discover new dimensions of learning. It will also encourage them to cultivate perseverance, creativity, and a spirit of global friendship—qualities that are essential for building a better and more harmonious world.

We extend our best wishes to the Principal Mrs Anupama Checker, organisers, participants, and all associated with this meaningful initiative, which will inspire young learners and contribute to the development of knowledgeable, confident, and responsible global citizens.

OUR EXECUTIVE PATRON

MS. REENA SOTI
Head, Quality Assurance &
Innovations Department
City Montessori School, Lucknow

"Mathematics is not about numbers, equations, computations, or algorithms: it is about understanding."
— William Paul Thurston

It is with great enthusiasm that we present the second edition of Matheletics International, themed "Mathsverse: A World Beyond Numbers," to be held from 14th to 17th November 2026. This forum moves beyond traditional learning, inviting young minds into a space where logic meets imagination, and mathematics emerges as a universal language of progress.

The "Mathsverse" bridges abstract theory with real-world application, creating an environment where curiosity drives exploration and innovation thrives. Within this convergence of ideas, the true essence of mathematical inquiry comes alive.

I commend the CMS Gomti Nagar Extension Campus for its exemplary initiative in organizing this international platform, fostering both creativity and precision, and redefining academic excellence.

This vision is deeply inspired by our Founder, Dr. Jagdish Gandhi, whose philosophy of education for global harmony continues to guide us. We also acknowledge the leadership of our Founder-Director, Dr. Bharti Gandhi, and Manager, Professor Geeta Gandhi Kingdon, whose collective efforts nurture a culture of innovation and excellence.

As we embark on this journey, let us celebrate the unity of ideas across borders, remembering that "pure Mathematics is, in its way, the poetry of logical ideas." Through the Mathsverse, we aim to transform this poetry into a shared language of global understanding and human potential.

SUPREME STRATEGIST OF

MATHELETICS

MS. ANUPAMA CHECKER

Principal
City Montessori School, Gomti Nagar Extension

Dear Principals/Heads of Institution

Mathematics is not merely a subject of numbers and formulas; it is a fascinating way of understanding the world around us. From the patterns in nature to the logic behind everyday decisions, Mathematics quietly shapes our thinking and helps us approach life with clarity and confidence. It teaches us that every challenge has a solution if we observe carefully, think logically and persevere with patience.

With great joy, we present the 2nd edition of Matheletics — Mathsverse — a vibrant celebration of the beauty, creativity and excitement of Mathematics. This event has been designed to help students experience Mathematics in its most engaging form, where learning goes beyond textbooks and becomes an adventure of exploration, curiosity and discovery.

Matheletics invites young minds to see that Mathematics can be playful, imaginative and deeply meaningful. Through stimulating activities and challenges, students will realize that Mathematics is not something to fear, but something to enjoy — a subject that strengthens the mind and prepares us for the many puzzles of life.

I warmly welcome all participants to this exciting journey into the world of numbers, patterns and ideas. May this experience inspire you to discover that Mathematics is not just about solving problems, but about enjoying the joy of thinking.

Let us celebrate together the wonderful universe of Mathematics — where learning becomes fun and curiosity leads the way.

Happy Exploring the World of Maths!

OUR MATHSVERSE COMMANDER

MS. INDRANI CHANDRA
Event Coordinator
Matheletics 2026
City Montessori School
Gomtinagar Extension

Matheletics 2026 is a celebration of the timeless beauty, precision, and transformative power of mathematics. It is an endeavour to showcase the subject not merely as a collection of numbers and formulas, but as a vibrant language of logic, creativity, and innovation that shapes the way we think and understand the world.

This event seeks to go beyond conventional learning by nurturing essential life skills such as critical thinking, resilience, teamwork, and adaptability.

As we gather to celebrate this intellectual pursuit, I am confident that Matheletics 2026 will not only enhance mathematical proficiency but also ignite a deeper appreciation for the subject among all participants.

MS. JAYANTHI
Co-ordinator
Matheletics 2026
City Montessori School
Gomtinagar Extension

Matheletics International — 2026 Enter the Math Verse

"In the Mathsverse, even dance follows patterns
and music speaks in numbers."

Matheletics 2026 invites students to explore this fascinating universe through engaging challenges that promote logical thinking, speed, accuracy, and creativity.

What makes this event truly special is that every activity is inspired by mathematical concepts—even the dance and music will express the beauty and rhythm of Mathematics, bringing the Mathsverse to life in creative and unexpected ways.

As participants journey through the Mathsverse,
I hope they gain new insights, strengthen their skills,
and develop a lasting enthusiasm for Mathematics.

Programme Schedule

DAY 1 - FRIDAY, 13 NOVEMBER, 2026

12:00pm Onwards	Registration of outstation teams/Endeavours

DAY 2 - SATURDAY, 14 NOVEMBER, 2026

07:00am - 08:00am	Breakfast
08:00am Onwards	Registration of Local teams/Endeavours
10:00am - 12:00pm	Euclids Echo - Senior category prelims
12:30am - 01:30pm	Lunch
04:00pm Onwards	Inauguration Ceremony
08:30pm Onwards	Dinner

DAY 3 - SUNDAY, 15 NOVEMBER, 2026

07:00am - 08:00am	Breakfast
08:00am - 09:00am	Prayer Assembly
09:15am - 10:45am	Grid Galaxy - Primary Category
10:45am - 12:00pm	Infinexia - Junior Category
10:45am - 12:00pm	π - Casso Project - Senior Category
12:30pm - 01:30pm	Lunch
02:30pm - 03:00pm	Brain Blits - Junior Category
03:00pm - 04:00pm	Cypher Rapsody - School Category
04:30pm - 05:30pm	Tea Break
06:00pm - 08:00pm	Cultural Evening
08:30pm Onwards	Dinner

Programme Schedule

DAY 4 - MONDAY, 16 NOVEMBER, 2026

07:00am - 08:00am	Breakfast
08:00am - 09:00am	Prayer Assembly
09:00am - 12:00pm	Euclid's Echo - Senior Category Finals
09:00am - 12:00pm	Think Beyond ∞ - Senior Category
09:15am - 10:45am	Mystery Matrix - Primary Category
09:15am - 11:00am	Radical Rush - Junior Category
12:30pm - 01:30pm	Lunch
01:30pm - 05:00pm	Galactic Grooves - School Category
04:30pm - 05:30pm	Tea Break
05:30pm - 06:00pm	Submission Sigma Stories - School Category
06:00pm - 08:00pm	Cultural Evening
08:30pm Onwards	Dinner

DAY 5 - TUESDAY, 17 NOVEMBER, 2026

07:00am - 08:00am	Breakfast
08:00am - 09:00am	Prayer Assembly
09:00am - 12:00pm	Brain Blitz - Junior Category
09:00am - 12:00pm	Shapecraft - Primary Category
12:30pm - 01:30pm	Lunch
03:00pm Onwards	Closing Ceremony & Prize Distribution
04:30pm - 05:30pm	Tea Break
08:30pm Onwards	Dinner

Rules & Regulations

RULES FOR PARTICIPATION

- The participating team must comprise of minimum 6 and maximum 8 students respectively.
- The event is being organised in four categories:
  1) PRIMARY CATEGORY - classes V - VI
  2) JUNIOR CATEGORY - classes VII - VIII
  3) SENIOR CATEGORY - classes IX - XII
  4) SCHOOL CATEGORY - classes V - XII
- Each school team must be accompanied by one team leader.
- The schools are requested to complete and send the confirmation form by 15th October, 2026.
- Names of the participants will not be changed after the registration form is submitted, except under unavoidable circumstances.
- The host will provide accomodation to all outstation and International teams (Maximum 8 participants and 1 team leader) from 13 November, 2026 till 18 November,2026 only.
- Outstation participants will be required to send their complete travel details by 15th October, 2026 so that the arrangements for their transport to and fro from the airport/railway station can be made.
- All outstation teams shall report at the World Unity Convention Centre, City Montessori School, Kanpur Road, Lucknow, for accommodation.
- All teams must attend the inaugural ceremony on 14th November,2026 at City Montessori School, Gomti Nagar Extension Campus and the prize distribution ceremony on 17 November, 2026 at World Unity Convention Centre City Montessori School,Kanpur road, Lucknow.
- Participating teams should carry their school flag for the Inaugural Ceremony.

Letter of Confirmation

Rules & Regulations

GUIDELINES FOR THE TEAM LEADERS:

- Team Leaders are entrusted with the responsibility of maintaining exemplary standards of punctuality and discipline at all times.
- The day will begin with a wake-up call at 6:00 a.m. followed by the Morning Prayer at 8:00 a.m., attendance at which is mandatory for all the participants.
- Team Leaders must ensure that participant attendance is duly confirmed at least 20 minutes prior to the commencement of each event.
- To foster camaraderie and positivity, teams are expected to interact meaningfully while remaining within the premises throughout the event.
- All participants are requested to take full responsibility of their personal belongings, including valuables such as jewellery, cameras, mobile phones, and laptops.

FOR MORE QUERIES CONTACT :

Email: matheletics@cmseducation.org

Travel Details Form

Event Registration Form

Registration Guidelines

- Per Participants : ₹ 2500/-
- The registration fee is to be paid through a Demand Draft, payable at Lucknow in favour of City Montessori School, Lucknow.
- Demand Draft will be received by the organizers in person at the time of registration.
- All teams must register themselves by 14th November, 2026 (12:00 noon).
- There is no registration fee for the Principal/Team Leader accompanying the team. Kindly note that any additional Team Leader will be charged ₹2500/- per person.

Mystery Matrix

Primary Category
Class 5 & 6

Get ready for an exciting adventure of clues and codes! Mystery Matrix is a thrilling treasure hunt where students solve logical and mathematical clues to reach the final treasure, testing their teamwork and problem-solving skills in a fun challenge.

RULES AND REGULATIONS

- Each team will consist of two students, one from grade 5 and one from grade 6 from the same institution, and no change in team members is permitted after registration.
- The competition will be conducted as a Mathematics Treasure Hunt. Teams will solve a series of interconnected clues.
- The activity focuses on problem solving, logical reasoning and critical thinking skills.
- The students must carry a rough notebook and a pen or a pencil for this event.
- Clues and materials must be handled carefully and should not be damaged or removed from their place unless instructed.
- Maximum time limit 90 minutes

JUDGEMENT CRITERIA

- Accuracy in solving the clues
- Number of clues solved
- Sequential order of the treasure hunt must be followed
- Time taken to reach the final treasure and completion within the given time
- Teamwork and Coordination

Email:priyanka.yadav1@cmseducation.org

Shapecraft

Primary Category
Class 5 & 6

Get ready to shape imagination into reality!
Shapecraft is a hands-on Matheletics challenge where students create craft models using geometric shapes, measurements, and clues, testing their accuracy, spatial reasoning, and teamwork in a fun and engaging way.

RULES AND REGULATIONS

- Each team will consist of two students, one from Grade 5 and one from Grade 6, from the same institution, and no change in team members is permitted after registration.
- The competition will be conducted in a single structured round.
- The final model will not be shown to participants at any stage. Teams must rely entirely on the given measurements, step-by-step clues, and logical interpretation of instructions.
- Teams must bring basic materials (A4 sheets/chart paper, geometry tools, scissors, glue, stationery)
- Teams will create a structure by following measurement-based clues provided to them.
- The activity focuses on creativity, measurement, problem-solving, and logical thinking.
- Maximum time limit - 90 minutes.

JUDGEMENT CRITERIA

- Creativity and forward thinking demonstrated in the design
- Accuracy and neatness of construction
- Structural stability of the model
- Effective communication of the concept to the judges
- Teamwork and coordination

Grid Galaxy

Primary Category
Class 5 & 6

Get ready to embark on a cosmic journey of numbers and logic! Grid Galaxy is a thrilling Mathematical Maze challenge where teams of two navigate intricate grids through sharp reasoning and seamless teamwork, enhancing their problem-solving skills, accuracy, and focus in a fun and dynamic adventure.

RULES AND REGULATIONS

- Each team will consist of two students, one from Grade 5 and one from Grade 6, from the same institution.
- No change in team members is permitted after registration.
- The teams Begin at START and overcome each obstacle step by step to successfully navigate their way through the maze.
- The team members must collaborate and coordinate effectively throughout all stages of the maze.
- The activity focuses on problem-solving , critical thinking , and logical reasoning.
- Maximum time limit - 30 minutes.

JUDGEMENT CRITERIA

- Creativity and strategy in navigating the maze
- Speed and efficiency in completing the task
- Logical thinking and problem-solving
- Teamwork and coordination

DIMENSION CURATORS

MS. GARGI KALRA

MR. ARUN KUMAR PATHAK
Contact No: +919795900971
Email:arun.pathak@cmseducation.org

Infinexia

Junior Category
Class 7 & 8

Step into a world of intricate puzzles and limitless logic!
Infinexia is a challenging mathematical puzzle where individuals push their boundaries, decode complex patterns, and sharpen their technical thinking and problem-solving skills in an exciting battle of minds.

RULES AND REGULATIONS

- Each team will consist of one student from either Grade 7 or Grade 8.
- No change in team member is permitted after registration.
- The participant will engage in a diverse range of challenges that include logical reasoning puzzles, number and pattern-based questions, visual and spatial tasks, higher-order thinking problems, and application-based mathematical puzzles designed to enhance critical thinking and analytical skills.
- Maximum time limit - 60 minutes.

JUDGEMENT CRITERIA

- Accuracy of responses.
- Maximum number of correctly solved questions.
- Speed and time management.
- Logical reasoning and problem- solving approach.

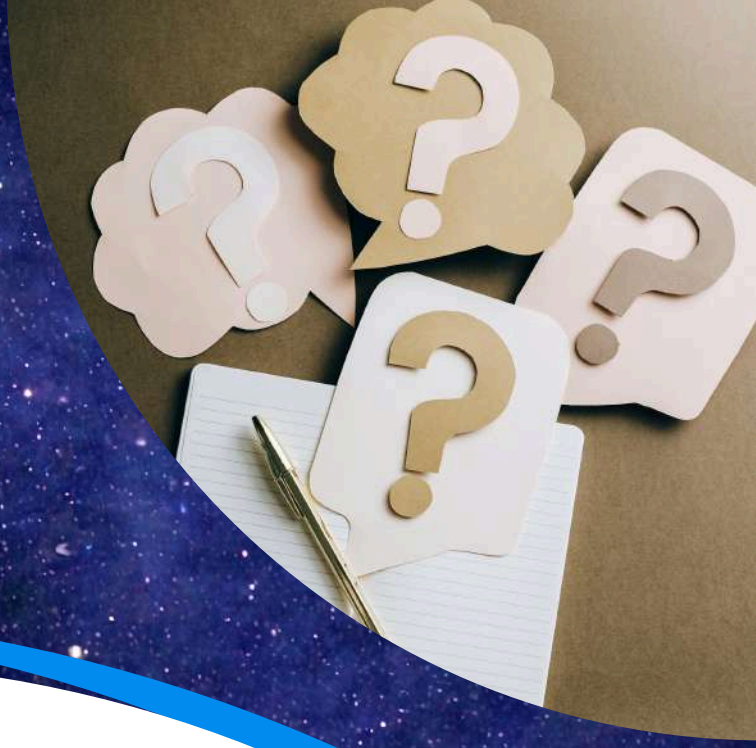

DIMENSION CURATORS

MS. GARIMA SINGH
Contact No: +916389846317

Brain Blitz

Junior Category
Class 7 & 8

Gear up for a high-speed battle of wits and wisdom! Brain Blitz is an electrifying quiz challenge where quick thinking, sharp logic, and analytical skills take center stage, pushing participants to think on their feet and race against time in an intense and thrilling competition.

RULES AND REGULATIONS

- Each team will consist of two participants from Grade 7 & 8; no changes after registration.
- The competition will be conducted in two rounds:

Round 1: Written Round

- The round will consist of 20 multiple-choice questions (MCQs) based on GK with emphasis on Mathematics.
- Time limit: 30 minutes.
- Marking: +1 correct | –0.25 incorrect | 0 unattempted
- Combined team score determines qualification for next round.

Final Round (On Stage)

- The top 8 teams (based on Round 1 scores) qualify for the finals.
- Teams compete through a variety of question formats.
- The questions will include MCQs, verbal & logical reasoning, analytical & situational reasoning, non-verbal & abstract reasoning, and mental maths.
- Focus on speed, accuracy, and problem-solving skills.

Radical Rush

Junior Category
Class 7 & 8

Get ready for an exciting race with numbers!
Radical Rush is a thrilling Matheletics game challenge where students test their speed, accuracy, and mental math skill in a fun and competitive environment.

RULES AND REGULATIONS

- Each team will consist of two participants from Grade 7 and Grade 8; no changes after registration.
- The competition consists of four sequential rounds that combine physical challenges with mathematics problem-solving.
- Each team member shall participate in alternate rounds, with Participant 1 competing in Rounds A and C and Participant 2 in Rounds B and D, ensuring active involvement of both participants.
- The team that completes all four rounds successfully with correct answers in the shortest time will be declared the winner.

JUDGEMENT CRITERIA

- Accuracy of Mathematical Responses
- Completion of Physical Challenges
- Speed and Efficiency
- Coordination and Team Participation

π-casso Project

Senior Category
Class 9 to 12

π-CASSO is an exciting Matheletics challenge where students transform mathematical ideas into innovative models, showcasing creativity, precision, and real-world application in a dynamic and engaging environment.

RULES AND REGULATIONS

- Each team will consist of two student, from Grade 9 to Grade 12 and no change in team members is permitted after registration.
- Model must clearly demonstrate a mathematical concept in action.
- Original ideas will be appreciated and encouraged. Use eco friendly/low cost materials.
- The team must prepare a 2 minute presentation of their model followed by judges interaction.
- Total time: 2 hours; exceeding presentation time may lead to penalties.

JUDGEMENT CRITERIA

- Mathematical Accuracy & Depth
- Innovation & Originality
- Real-Life Application
- Model Functionality
- Explanation & Presentation

Think Beyond

Senior Category
Class 9 to 12

Imagine. Express. Inspire.

Think Beyond Infinity is a captivating creative challenge where students transform mathematical concepts into visually stunning posters, blending imagination, depth, and real-world connections to create powerful and inspiring presentations.

RULES AND REGULATIONS

- Each team will consist of two student, from Grade 9 to Grade 12 and no change in team members is permitted after registration.
- Each team may submit only one original poster, and copied content is strictly prohibited (references must be acknowledged if used).
- The participants must bring their own colouring and writing materials and A2 size chart paper will be provided by the organizers.
- The poster should clearly present a mathematical concept with appropriate diagrams, labels, and brief explanations.
- Each team will have 1 minute to explain their poster, and exceeding the time limit may lead to a penalty.
- Maximum Time Limit: 2 hours

JUDGEMENT CRITERIA

- Clarity and accuracy of the mathematical concept.
- Creativity and presentation.
- Neatness and Alignment.
- Ability to explain the concept effectively.

Euclid's Echo

Senior Category
Class 9 to 12

Where logic meets expression!
Euclid's Echo invites students to engage in thought-provoking debate, beginning with "Numbers vs Narratives" and culminating in a surprise final round that tests spontaneity and reasoning.

RULES AND REGULATIONS

- Each team will consist of two students, from Grade 9 to Grade 12 - one for the Motion and one against the Motion, and no change in team members is permitted after registration.
- The competition will be conducted in two rounds : Preliminary Round and Final Round.
- The topic for the preliminary round will be "Numbers vs narratives: Which Shapes Us More?"
- The topic for the Final Round will be announced one day before the final debate.
- The debate will be conducted in English language.
- The qualified participants will be assigned For or Against the Motion by draw of lots.

JUDGEMENT CRITERIA

- Content and relevance
- Logical reasoning
- Clarity of expression
- Rebuttal effectiveness
- Time management

Galactic Grooves

School Category
Class 5 & 12

Where Mathematics dances to life!
This dynamic Matheletics event brings mathematical concepts alive through graceful movements, blending creativity, precision, and coordination into a captivating and visually stunning performance.

RULES AND REGULATIONS

- Teams of 6–8 participants; no changes allowed after registration.
- 4–5 minute choreography on instrumental music only (music to be submitted in advance).
- Performance must reflect mathematical concepts (symmetry, patterns, geometry, formations).
- No stage setup/backdrops; hand props allowed; costumes must be theme-appropriate.
- Participants are expected to demonstrate precision, coordination, and discipline; exceeding the allotted time will result in a deduction of marks.

JUDGEMENT CRITERIA

- Conceptual clarity and adherence to mathematical theme
- Synchronization and group formations
- Creativity and innovation
- Facial expressions and stage presence
- Overall execution and presentation

Cipher Rapsody

School Category
Class 5 & 12

Feel the beat. Speak the math.
This high-energy Matheletics event empowers students to express mathematical ideas through original rap, blending rhythm, creativity, and logic in a dynamic and electrifying stage performance.

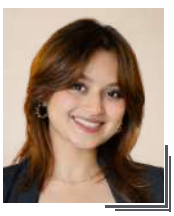

RULES AND REGULATIONS

- Teams of 6–8 participants; no changes allowed after registration.
- Original rap only; plagiarism, covers, or remixes will lead to disqualification.
- Topic will be assigned by draw of lots.
- Pre-recorded instrumental tracks are not allowed.
- Minimal looping created live on stage and beatboxing is allowed.
- Each team must present a performance of 3 to 5 minutes using at least three live instruments. A Drumkit, Keyboard, Cajon, and Electric Guitar will be provided.
- Lyrics should be clean, non offensive and in English only.

JUDGEMENT CRITERIA

- Original lyrics & Creativity
- Flow, rhythm, and Delivery
- Use and integration of Instruments
- Stage presence & Confidence
- Overall Musical Impact

Sigma Stories

School Category
Class 5 & 12

Lights, Camera, Matheletics!
Step into the world of vlogging and capture the electrifying spirit of the event through thrilling moments and experiences. With powerful storytelling and captivating visuals, showcase Matheletics from your unique perspective.

RULES AND REGULATIONS

- Each team will consist of two students, and no change in team composition will be permitted after registration.
- Participants must collaboratively record, edit, and present the vlog in English, using devices such as mobile phones, DSLR cameras, or digital cameras.
- The vlog must showcase highlights of the first three days of Matheletics with a duration of 2–5 minutes, including proper opening and closing credits.
- The video must be in landscape orientation with a minimum resolution of 720p (recommended 1080p), and only basic editing is allowed; use of copyright-free music is mandatory.
- The final submission must be in MP4 format, labelled as ParticipantName_TeamCode_Vlog, and should be submitted by 16th November, 2026, 6:00 PM (late entries will not be accepted).

JUDGEMENT CRITERIA

- Content Relevance
- Creativity & Storytelling
- Editing & Presentation
- Adherence to Guidelines

GLIMPSES FROM MATHELETICS 2023

Matheletics 2023...
Where every moment turned into a memory,
and every experience became a story to cherish.
Looking forward to creating many more.

GLIMPSES FROM MATHELETICS 2023

In the universe of Matheletics 2023,
every mind became a star,
every idea found its space,
and every moment added
to something extraordinary.
The journey has only just begun...

DR JAGDISH GANDHI

Unique endeavours towards World Unity through Meaningful Education

Late Dr Jagdish Gandhi
CMS Founder

Dr Jagdish Gandhi was a visionary and a far-sighted person, who had been making incessant efforts to make the vision of One World into a reality. His courage and fighting spirit, not against persons, but against all odds and impediments in the path of realization of his vision, bound by sound reasoning, is exceptional. His vision is World Unity, which, he believed can be attained by a two-pronged strategy. Dr Gandhi firmly believed that 'Jai-Jagat' based quality education to children and inculcating in young impressionable minds the ideas of World Unity: and the other one is to make efforts at global level by approaching the World Judiciary, for making efforts to make this world a better place to live in, so as to bequeath to the next generation and generations yet-to-be born, a safer and brighter inheritance than that was bequeathed to us.

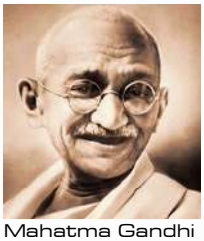

Convinced that human progress springs from education he established City Montessori School (CMS) in 1959 at the age of 23 years with initial enrollment of only 5 children. His aim to establish CMS was not only to impart the best quality education but also to inculcate in children an intense feeling for international understanding for political unity and economic equality of the world that would bring to an end all disputes arising out of borders or border encroachments or arising out of economic disparity among nations, which have been the principal cause of wars including world wars in the past. According to him eternal peace can be established in the world only by following one world order in which the political and economic system is one and the same and in which there are no racial or religious or regional squabbles.

Impressed by the success of his vibrant educational system based on global priorities the present strength of students has grown to 65,000.

He had launched a parallel campaign for uniting the world by convening International Conferences of Chief Justices of the World every year in November, in which, ways and means are discussed to convince the statesmen and rulers of different nations to unite the world under one political and economic system as a permanent means of putting to an end the ongoing disputes in the world.

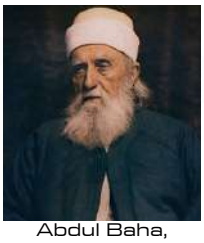

7 Inspirations of
DR JAGDISH GANDHI

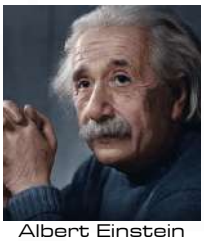

for World Unity through meaningful education

Mahatma Gandhi

Victor Hugo

Nelson Mandela

Abdul Baha, son of Baha'u'llah

Albert Einstein

Jan Tinbergen

Vinoba Bhave

1. Inspired by Mahatma Gandhi, Dr Jagdish Gandhi, besides imparting quality education, consistently tried to inculcate universal values of Truth, Non-violence and Love for Whole Humanity in the minds of over 65,000 students of his school - the City Montessori School (CMS) Lucknow, India.

2. Drawing inspiration from Victor Hugo who said "there is one thing stronger than all the armies of the world and that is AN IDEA whose time has come" and from the continuous struggle of Nelson Mandela for justice, Dr Gandhi came up with the IDEA that "Enforceable International Law and Empowering the International Court of Justice was "THE IDEA' whose time had come". With this IDEA in mind, he called upon the World Judiciary to impress upon them and the political leadership of the world, the need for respect for Enforceable International Law to safeguard the future of world's two billion children and generations yet-to-be-born because he considered himself and the children of CMS as their self-appointed guardian. Thus, the International Conferences of Chief Justices of the World was organised annually since the last 24 years.

3. Baha'u'llah had taught that 'Earth is but one country and mankind its citizens' and that the world will not survive without unity of hearts. He had taught that remedy for all the ills of 'This Day' is 'UNITY OF HEARTS'. Inspired by His teachings, Dr Gandhi propagated His concept of Unity of Hearts, 'Oneness of God', 'Oneness of Religion' and Oneness of Mankind', through manifold daily school activities and also through 21 annual international events, to over 65,000 CMS students, their parents and global society at large.

4. Inspired by Albert Einstein's thought that "Only World Law can ensure progress towards a Civilized Peaceful Community", he has been running a campaign by calling all nations of the world to empower the International Court of Justice for peaceful resolution of international disputes, which will also obviate the need for armed conflicts.

5. Inspired by Nobel Laureate Jan Tinbergen's observation that world's problems can be solved only by strengthening the United Nations System, Dr Jagdish Gandhi approached Kofi Annan, the then Secretary-General of the United Nations on behalf of two billion children of the world, requesting him to safeguard the future of world's two billion children by initiating steps to make International Law enforceable and binding upon all the nations of the world.

6. Walking in the footsteps of Vinoba Bhave, Dr Gandhi made tireless efforts to instil his concept of Jai Jagat (Victory be to the World) in the hearts & minds of his students who greet each other with the call, "Jai Jagat and have imbibed the spirit of global unity. Dr. Gandhi always raised his voice for the safe future of world's two billion children and generations yet to be born, finding support worldwide.

7. Another person who, according to him, saved his spiritual life, is his daughter Prof Geeta Gandhi Kingdon. Dr Gandhi regarded his second daughter as his "Spiritual Mother' because she persuaded him not to contest a second term in the state legislative assembly elections as this would mean being involved in divisive politics and their family, which had accepted the Baha'i Faith for spiritual regeneration, prohibits its followers from participating in party politics which it believes can be a hindrance to spiritual progress.
