Our Inspiration

> **The CMS SAM International Event was established by our esteemed Founder-Manager, a visionary leader, dedicated servant to humanity and promoter of global unity through cultural expression.**

Late Dr Jagdish Gandhi
(1934-2024)

Dr Jagdish Gandhi, an educationist, though leader and social activist was greatly influenced by the teachings of Mahatma Gandhi and Vinobha Bhave, from his early childhood.

In 1959, Dr Gandhi and his spouse Dr (Mrs) Bharti Gandhi laid the foundation of City Montessori School, popularly known as CMS, with five children to realise their vision of 'Jai Jagat' by imparting value based education. Slowly and steadily, CMS became a popular and preferred school for meaningful, all-round education of children. Today, CMS is the world's largest school by pupils in a single city with more than 66,000 students studying in 23 campuses in Lucknow as recognised by the Guinness Book of World Records.

A dynamic leader, Dr Jagdish Gandhi was a staunch promoter of unity of mankind, unity of religions, universal brotherhood and world peace.

Dr Gandhi was awarded the Derozio Award for outstanding contributions to education and human enrichment. He was a peace representative of the World Peace Prayer Society, USA. Under his dynamic leadership CMS was honoured with UNESCO Prize for Peace Education in 2002 in recognition of his and his school's efforts to promote universal values of education for peace & tolerance. He also received five honorary doctorates from Universities in Russia, UK, Argentina, Mongolia and Peru.Dr Gandhi was also the first Indian to be honoured with the Key to the City of Georgetown, USA, by its Mayor, for being a true visionary in the field of education by introducing concept of Quality Control Circles in Education. He was also the Founder-Chairman of World Council for Total Quality and Excellence in Education (WCTQEE).

Dr Gandhi's talks on TV channels like Aaj Tak, News 18 India, APN News, KNews, Sadhna Plus News, India News, Network 10, Bharat Samachar, India Voice and Sahara Aalami TV Channel are very popular and are listened to with interest by a large number of followers of all religions, who admire his deep spiritual commitment.

Message from the Founder-Director

Dr Bharti Gandhi
CMS Founder Director

> Art, music and sports have the unique ability to transcend language and cultural barriers, connecting people through a shared experience of beauty, rhythm and motion.

It is indeed an honour to welcome all the participants of the 4th SAM International to share a common goal of sports, arts and music in their lives.

As I look around, the first person that comes to my mind is my beloved husband, our revered Founder, the late Dr Jagdish Gandhi, who always believed that each child has the potential to achieve great heights if they get the right platform and exposure. It was his dream to make children from different countries meet, interact and compete against each other to bring out the best in them.

Sports, Arts and Music is the exact platform that our founder thought of, which we call SAM International.

In a world today where everyone is so divided amongst themselves and where anxiety, fear, climate change and loneliness rule within and outside, I think it is the responsibility of schools and colleges to prepare children for a life that makes them sensitive towards all living beings so that they can contribute to making the world a better place to live for all. And this is possible only when children learn to perform sports, arts, music and games and compete and cooperate so that they can be responsible global citizens of the future generation.

So when someone asks me what message I would like to give on the theme "United with Creativity" of the event, I would say that every sport teaches you determination and that every piece of art and music tells you about the power of co-existence and cooperation, which is most needed in today's world to tackle diverse challenges.

And for this, I would like to congratulate the principals, teachers and the whole team of CMS Asharfabad Campus and CMS Ayodhya Road Campus for coming forward and taking efforts to organise such a wonderful event and appreciate each and every participating school for giving such an amazing platform for children so that they can share their talent, knowledge and experience with others that would ultimately lead the world towards peace and prosperity. It is my humble request that all the friendships created during the event will last forever and the spirit of *Jai Jagat* that we try to promote through all our events will always live in the hearts of the children so that every individual will think that the well-being of all is linked to each one of us.

With my best wishes and blessings.

Managing Director, CMS

Dr Roger David Kingdon
President, CMS

According to the World Economic Forum's Future of Jobs Report 2025, creative thinking, resilience, curiosity and lifelong learning are some of the top skills that will be in demand in the future. Meanwhile, according to the UNESCO Global Education Monitoring Report 2024, education should empower young people with academic knowledge, as well as collaboration, intercultural competence and citizenship capabilities. Indeed, the future will belong to those who can create, collaborate and connect.

The 4th SAM International has been organised, keeping in view the aforementioned objectives of nurturing such qualities amongst the youngsters. It is indeed a wonderful platform for students engaged in sports, arts and music to come together and interact with each other and imbibe values like creativity, team spirit, leadership and cultural sensitivity, as it showcases the rich cultural heritage of humanity.

This vision has been inspired by our revered founder, the Late Dr Jagdish Gandhi, our beloved father, who laid great emphasis on imbibing in children the values of not just excelling in academics but also becoming responsible global citizens and peacemakers. His ideology of Jai Jagat has inspired the CMS International Festivals, which have been held since time immemorial.

In this era of exponential technological advancements, it is indeed vital to inculcate in our youth the values of innovation, compassion, technological competence, humanity and diversity, amongst others, as they will be the future makers and shapers of society. Events like SAM International foster such values by making them learn and interact with each other on a peer-to-peer level instead of mere competition, as is often seen in conventional education systems.

The festival's focus on sustainability, cultural exchange, creativity and collaborative learning will empower the next generation of global citizens to be creative and socially responsible. Indeed, every sporting event, musical performance, art exhibition and interaction between participants and visitors can contribute to building confidence and respect for each other.

We express our deepest gratitude to the principals, faculty members, organising committees, volunteers, and supportive staff of CMS Asharfabad Campus and CMS Ayodhya Road Campus for making this wonderful event possible. We also extend our sincere appreciation to all the participating schools for contributing to this fantastic initiative of developing a new generation of creative, compassionate and globally conscious citizens.

Superior Principal and Head QAID

> We want education by which character is formed, strength of mind is increased, the intellect is expanded and by which one can stand on one's own feet.

City Montessori School is known for its passion in ensuring inclusive education to its students. This can be seen not only in our classrooms but also in all our ventures. We recognize that the impact of sports, arts, and music is crucial in fostering the nature of community building and appreciating diversity. They not only support the overall development of students by promoting physical fitness, creativity and emotional expression, but this balanced approach also helps in nurturing them to become well-rounded individuals.

The penchant of encouraging our students to think outside the box and view challenges as opportunities to grow is instilled in all of us by our esteemed Founder Manager, Late Dr Jagdish Gandhi, and our Founder Director, Dr Bharti Gandhi. We genuinely trust in the power of art and music in providing outlets for self-expression and emotional exploration, allowing children to process and articulate their feelings.

As we are constantly reminded by our Manager, Prof. Geeta Gandhi Kingdon, that persistence changes failure into extraordinary achievement, the sheer enthusiasm to achieve excellence in all our endeavours remains our guiding force.

It would be indeed heart-warming to witness the joint effort of Asharfabad Campus and Ayodhya Road Campus in bringing the fourth edition of SAM International. The collaborative spirit of conducting this event would undoubtedly nurture a vibrant, innovative and caring environment with the belief in the cathartic power of SAM—that is, collaboration across Sports, Arts and Music.

As Helen Keller wisely stated, **"Alone we can do so little; together we can do so much."** This event is a true reflection of what we can achieve when we come together as a united team. I would like to congratulate the Principal of Asharfabad Campus, along with the Principal of Ayodhya Road Campus, for successfully taking up the mantle to organize the 4th SAM International, continuing the legacy of path-breaking experiential learning at CMS.

Organising such a magnificent event is a hallmark of dedication, hard work and teamwork of the staff. From the meticulous planning stages to the final execution, their commitment and creativity remain inspiring.

I sincerely thank all the stakeholders for their exceptional contributions, enthusiasm and unwavering commitment to the growth of our students and the school community. Let us continue to build on this success and strive for excellence in all that we do.

It is with great honour and joy that we welcome you to the 4th edition of SAM International, a prestigious celebration of Sports, Arts and Music, jointly hosted by City Montessori School, Ayodhya Road Campus and Asharfabad Campus.

We are honoured to host a diverse group of talented individuals from around the globe, each bringing their unique gifts and perspectives to this extraordinary occasion.

We firmly believe in the transformative power of Sports, Arts and Music to inspire, connect and uplift communities.

This event would help participants showcase not only brilliance and creativity but also a spirit of camaraderie and collaboration.

The event has been thoughtfully crafted to offer a rich and dynamic platform where students can fully immerse themselves in passion, uncover new talents and engage in activities that foster teamwork, confidence and self-expression.

Each moment will serve as a valuable opportunity for growth and the varied experiences will not only sharpen students' individual skills but will also deepen their understanding of the diverse world we inhabit, cultivating the qualities necessary to become responsible and empathetic global citizens.

We would like to thank our Respected Founders and Respected Manager for their vision and unwavering dedication which will make it feasible for us to gather in a vibrant space, where creativity is flourished, friendships are forged and the seeds of global citizenship are sown.

Let us celebrate the joy of learning, the excitement of competition and the beauty of artistic expression together.

We trust that this event will leave everyone with unforgettable memories, lasting friendships and a deeper appreciation for the diversity and richness of our global community.

It is our hope that you will leave not only with cherished memories but also with new insights that will inspire your future endeavors.

Thank you for being a part of this journey. Together, let us create a memorable experience filled with joy, creativity and celebration.

City Montessori School

Late Dr Jagdish Gandhi, Founder Manager of CMS & Dr Bharti Gandhi, Founder Director receivedGuinness Certificate-2023

City Montessori School (CMS) is the world's largest city school, as recognised by the Guinness Book of World Records, with 23 campuses across the city of Lucknow. CMS has been ranked among India's top 3 most respected education brands and been ranked as the top school in Uttar Pradesh (Education World magazine). The school that began with 5 children in 1959 on a borrowed capital of 300 rupees today has 66,000 students from pre-primary to class XII.

CMS was founded by the Dr Bharti Gandhi and Late Dr Jagdish Gandhi, whose vision was deeply inspired by the teachings of Mahatma Gandhi and Sant Vinoba Bhave. They envisioned an education that reaches far beyond academic excellence—one that nurtures socially conscious world citizens committed to the service of humanity. More than six decades later, that founding philosophy continues to shape the culture, character and purpose of the institution.

The timeless school motto, *Jai Jagat*—Victory to the World, has remained at the heart of CMS since its inception. It reflects the school's enduring belief in *Vasudhaiva Kutumbakam*—"The Earth is but one country and mankind its citizens." Guided by these ideals, students develop an appreciation for diversity, mutual respect and global citizenship, learning to see themselves as responsible members of one human family.

Education at CMS embraces the development of the whole child. Alongside academic achievement, equal emphasis is placed on nurturing curiosity, integrity, empathy, creativity and a lifelong love for learning. This holistic approach cultivates self-directed learners, quality producers, effective communicators, collaborative workers, critical thinkers and community contributors—young people equipped with the confidence, character and capability to make meaningful contributions in an ever-evolving world.

The educational philosophy of CMS reflects a broad and balanced understanding of human development by recognising the material, human and divine dimensions of life. It is founded upon four enduring pillars—universal values, global understanding, service to the world and excellence in all things. Together, these principles create an environment where intellectual growth is complemented by moral character, emotional resilience and spiritual awareness, enabling every child to discover and realise their fullest potential.
